2020

## Producteur Récoltant – Mis en bouteille à la propriété

Château Tour Sivadon was born from the marriage of the Château La Tour (1848) and Château Sivadon (1907). Located in the commune of Les Lèves et Thoumeyragues, not far from Sainte Foy la Grande, this estate has been in the same family for generations.

From father to son, the COUSINETs have worked their land and their vineyard hand in hand, all the while continuing to preserve and develop the heritage of their wines.
